- Bangla: Native

ABOUT ME

I have over **1.5 years** of experience creating and managing scalable web applications, and I am an enthusiastic **PHP** and **Laravel** developer. I've created and maintained themes that have been approved by **CodeCanyon**, offered committed customer service, and worked on **multi-tenant SaaS projects**. With practical **AWS (S3)** experience, I hope to contribute performance-driven solutions and advance in a progressive company.

WORK EXPERIENCE

Kreative Dev

NOV 2023 - PRESENT

Laravel Developer

- Built and optimized scalable Laravel backend systems, achieving CodeCanyon approval.
- Integrated APIs and secured databases for seamless, high-performance web apps.
- Used **S3** services from **AWS** for performance optimization, automated backups, and scalable deployment.
- Built and maintained a dependable **SaaS** platform with subscription-based billing and a multi-tenant architecture.

PeopleNTech Institute of IT

SEP 2023 - NOV 2023

Laravel Developer Intern

- Contributed to Laravel web applications by implementing routing, controllers, Blade views, and CRUD features. Gained foundational MVC and Laravel experience.
